METROPOLITAN SCHOOLS OF DESIGN

801 Leopard St.

Corpus Christi, TX 78401

More About The METRO SCHOOLS

The Metro Schools are a K-12 magnet program of CCISD and represent an exciting new educational opportunity for learners in Corpus Christi. There are two Metro Schools serving students in the CCISD attendance zone.

Metro Elementary School of Design

Grades: K - 6 - Wynn Seale Campus

1707 Ayers St. | Corpus Christi, TX 78404

Metro Preparatory School of Design

Grades: 7 - 12 - Housed at Roy H. Miller HS

#1 Battlin' Buc Blvd. | Corpus Christi, TX 78408

At both of the Metro Schools, students master core-standards and 21st Century skills in a dynamic instructional model called, Project-Based Learning. Metro students foster their ability to create and design through involvement in solving real community problems, collaborative tasks, and daily participation in the fine arts. These are just a few of the ways that Metro provides a unique learning experience to its students.
